

BLOCKED — missing claim; resolve the opening decision before final design.

AUDIENCE TAKEAWAY

Know who the team is and be able to repeat the selected idea in one sentence.

COMPOSITION NOTE

Team details and one plain sentence; mark missing name, number and mechanism as blocked.

EVIDENCE REFS

WIKI/BRIEF.md • WIKI/DECISIONS.md

20 SEC

Do not substitute a polished slogan for the missing mechanism.

When did you last receive something made deliberately to show appreciation?

AUDIENCE TAKEAWAY

Recall the emotional difference between receiving a deliberate object and an ordinary message.

COMPOSITION NOTE

One question plus an empty evidence slot for a consented real letter or care-package object.

EVIDENCE REFS

WIKI/FRIENDSHIP_APPRECIATION_DOSSIER.md • WIKI/EVIDENCE.md

30 SEC

Use one real team-owned story only with consent; no invented persona or quote. Transition: why does this feel unusual on an ordinary day?

Why can “I appreciate you” feel natural on a birthday, but sound like goodbye on an ordinary Tuesday?

AUDIENCE TAKEAWAY

Understand the hypothesised unwritten rule without mistaking it for a universal fact.

COMPOSITION NOTE

The same sentence appears once, with birthday and ordinary-day context on opposite sides; label the frame as a hypothesis.

EVIDENCE REFS

WIKI/BRIEF.md • WIKI/DECISIONS.md • WIKI/FRIENDSHIP_APPRECIATION_DOSSIER.md

25 SEC

Do not claim that all friends or all men share this reaction. Transition: research gives us a narrower explanation for why people hold back.

We may hold back because we mispredict how appreciation will land.

AUDIENCE TAKEAWAY

See the supported prediction gap and the unresolved risks around meaning, sincerity and pressure.

COMPOSITION NOTE

Two sourced findings and one explicit limitation; no decorative research collage.

EVIDENCE REFS

WIKI/EVIDENCE.md • WIKI/FRIENDSHIP_APPRECIATION_DOSSIER.md

30 SEC

External gratitude research is directional evidence, not proof of this audience or medium.
Transition: that uncertainty changes what the experience must protect.

A care experience must preserve authorship without turning receipt into a debt.

AUDIENCE TAKEAWAY

Understand the provisional requirements that follow from the sender and receiver evidence.

COMPOSITION NOTE

A direct finding-to-requirement mapping for authorship, interpretation, agency, closure and keeping.

EVIDENCE REFS

WIKI/EVIDENCE.md • WIKI/FRIENDSHIP_APPRECIATION_DOSSIER.md

25 SEC

Keep requirements provisional until primary research is complete. Transition: now make the medium prove it can satisfy those requirements.

BLOCKED — The words stay the same. Does the container change what they mean?

AUDIENCE TAKEAWAY

See ordinary chat, a physical or crafted control and a rough digital artefact compared fairly.

COMPOSITION NOTE

Three matched representations with identical wording and empty result fields for sincerity, awkwardness, ownership, alarm and reply pressure.

EVIDENCE REFS

WIKI/TESTS.md • WIKI/FRIENDSHIP_APPRECIATION_DOSSIER.md

25 SEC

Do not draw a speculative Goldilocks chart as if it were measured data. Transition: the result, not preference, determines which direction earns the reveal.

BLOCKED — missing claim; resolve the solution decision before final design.

AUDIENCE TAKEAWAY

Understand the selected response and its distinct mechanism in one sentence.

COMPOSITION NOTE

Product name, one-line mechanism and one dominant product state after selection.

EVIDENCE REFS

WIKI/DECISIONS.md • WIKI/IDEAS.md • WIKI/TESTS.md

20 SEC

A multimedia feature list is not a mechanism.

BLOCKED — missing claim; resolve the solution decision before final design.

AUDIENCE TAKEAWAY

See where the selected mechanism changes the unwritten rule from trigger to outcome.

COMPOSITION NOTE

Trigger, deliberate creation, bounded delivery, receiver-controlled opening and safe completion in one sequence.

EVIDENCE REFS

WIKI/DECISIONS.md • WIKI/TESTS.md

35 SEC

Label every simulated or proposed state.

BLOCKED — missing claim; resolve the demo decision before final design.

AUDIENCE TAKEAWAY

See why the sender acts now and what remains personally authored.

COMPOSITION NOTE

One sender path from trigger through deliberate authorship; no feature tour.

EVIDENCE REFS

WIKI/DECISIONS.md • WIKI/TESTS.md

35 SEC

Show that AI does not write the intimate content.

BLOCKED — missing claim; resolve the demo decision before final design.

AUDIENCE TAKEAWAY

See the receiver interpret, open, keep or close the experience without compulsory reciprocity.

COMPOSITION NOTE

One receiver path from arrival through opening and safe completion; concentrate any justified reveal here.

EVIDENCE REFS

WIKI/DECISIONS.md • WIKI/TESTS.md

35 SEC

A rich reveal must explain value, not substitute spectacle for evidence.

BLOCKED — missing claim; resolve the trust decision before final design.

AUDIENCE TAKEAWAY

Believe that the experience handles unwanted, mistaken, inaccessible or private moments safely.

COMPOSITION NOTE

The smallest set of real product states covering decline, delete, wrong recipient, privacy, reduced motion and no-device access.

EVIDENCE REFS

WIKI/JUDGING.md • WIKI/FRIENDSHIP_APPRECIATION_DOSSIER.md

30 SEC

Do not describe safeguards that the prototype does not demonstrate.

BLOCKED — missing claim; resolve the proof decision before final design.

AUDIENCE TAKEAWAY

See one participant finding change the design and understand the remaining evidence boundary.

COMPOSITION NOTE

Participant finding, before state, after state and observed effect kept adjacent.

EVIDENCE REFS

WIKI/TESTS.md

25 SEC

No invented quote, number, score or effect.

BLOCKED — missing claim; resolve the close decision before final design.

AUDIENCE TAKEAWAY

Remember the changed social contract and experience the final flow without being pressured to participate.

COMPOSITION NOTE

Return to the opening person and sentence; optional generic QR plus an equally visible no-device route.

EVIDENCE REFS

WIKI/BRIEF.md • WIKI/DECISIONS.md • WIKI/TESTS.md

25 SEC

The audience reveal demonstrates the flow; it is not impact evidence. Do not personalise from judge research or require a reply.
